*Seventh  
Annual Report*

*December 1, 2000  
through  
November 30, 2001*

*Madison County  
Health Department*

**To The Citizens of Madison County:**

Providing public health services that promote wellness and protect the health and safety of the community is the goal of the Madison County Health Department. This report summarizes the services provided by the Department and the occurrence of specific diseases. In the coming year we will continue our efforts to prevent the spread of disease, protect the wholesomeness of food and water, and to promote the health of children and adults.

Attainment of our goal will be accomplished through coalition building and collaboration with health professionals, health care agencies, schools, local and state officials, and most importantly, you, the citizens of Madison County.

We look forward to serving you as we strive to provide the best health protection programs possible.

Sincerely,

*Donald R. Brannon*  
Donald R. Brannon  
Administrator

**MISSION**

It is the mission of the Madison County Health Department to provide those programs and activities that are necessary and desirable to assure the conditions in which people can be healthy.

The Department shall carry out its mission through: regular and systematic assessments of community needs; policy development based on knowledgeable and scientific principles of health; and assuring these actions by regulations or direct services.
